Meeting Minutes – Eighteenth Meeting

8th of March 2016

MEETING START TIME: 2.00pm

MEETING PARTICIPANTS:

Daniel Blackwell

Jedrzej Stuczynski

Farbas Miah

UNABLE TO ATTEND:

N/A

Overview:

In this meeting we worked on getting the virtual machine set up and running with the clients. We had to do this by generating a public and private key so that we could access the server via SSH. There were some issues with the firewall configuration but we were eventually able to access and alter the virtual machine. Another thing we worked on was deciding on what would we would need to have on the virtual machine. These included adding the latest version of MATLAB and Python.

TOPICS OF DISCUSSION

1. Virtual machine
   - Which OS to be used
   - Generation of public and private key
   - Addition of software to virtual machine
